Re: Request for Information under the Freedom of Information
Act, Control No. (A-101)RIN-0403-85

Dear Mr. Cerar:

This letter will serve as a response to your request, made on behalf of your client Anchor Glass Container Corporation, for information under the Freedom of Information Act (FOIA), 5 U.S.C. §552, by letter dated January 31, 1985. I am confirming the substance of our telephone conversations this week.

EPA intends to grant your request to review certain documents, in all its particulars, insofar as the documents you have specified are in our possession at this time. Where you have asked for data that have not yet been generated, of course, we will be unable to furnish them.

For the record, let me confirm the arrangements you and I have made by telephone for your visit to EPA offices to review the documents you have requested. We expect you to arrive at EPA's Region II offices, Room 437, 26 Federal Plaza, in New York City at around 10:00 AM on Monday, February 11, 1985.

We have reserved a room where you can work undisturbed, and Janet Feldstein and I will both give you files containing the documents in our custody. At this time, we know of none in Bruce Sprague's custody which are not duplicated in Janet's files or mine. I will verify this impression with Bruce and will arrange to accommodate your request for documents in his custody, if I am mistaken.

We agree to keep our arrangements for your document review as flexible as we can. We believe that we will be able to accommodate your needs for expeditious access and careful study.

See you Monday.

Sincerely yours,

Margaret Thompson
Law Clerk
Waste and Toxic Substances Branch
Office of Regional Counsel
